

The diagram illustrates the layout for a finished product. It features a light gray background with a thin blue border. A red line, representing the cut line, is positioned near the top edge. Two gray arrows point from this red line towards the top corners. Below the red line, text explains its function. Further down, a blue line, representing the safety line, is shown with a horizontal double-headed arrow passing through it. Text below the blue line explains its purpose. At the bottom, the final dimensions for the finished size and the bleed area are provided.
